3 Simple Steps

DEFINE YOUR IDEAL CUSTOMER. YOU NEED TO KNOW EXACTLY WHO YOU WANT TO CONNECT WITH

SEARCH FOR YOUR IDEAL CUSTOMER. ACTIVELY LOOK FOR WHO YOU WANT TO CONNECT WITH AND FOLLOW

SEND CONNECTION OR FOLLOW REQUEST. GROW YOUR AUDIENCE OF IDEAL CUSTOMERS QUICKLY.

How To Get Followers On Instagram

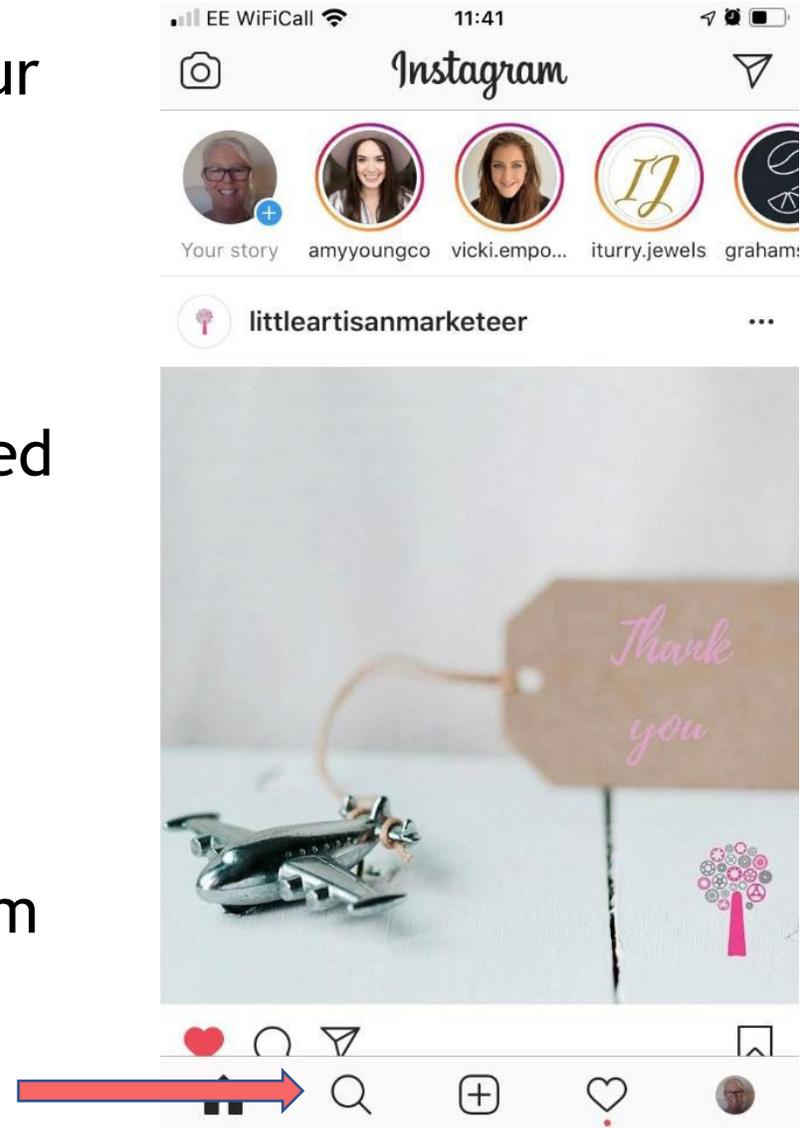

This guide assumes you already have your Instagram account set up and ready to grow.

If you don't already have it, you will need to download the Instagram App to your phone then follow the following steps.

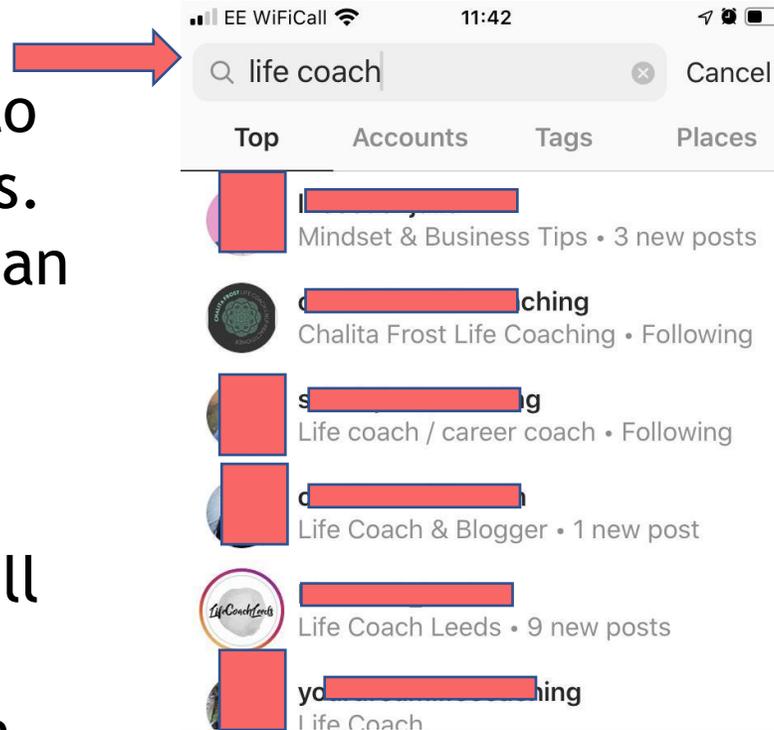

Step 1

Go to the little search icon at the bottom of the screen. See the illustration...

Once you click on the search it opens up the search bar for you to key in your ideal customer details. I've chosen "Life coach" as you can see from the illustration...

Pro Tip: You can quickly see who you are already following as it will either show their latest posts or show that you are following them as you can see from the illustration above. Scroll down until you see someone with a follow button next to their name.

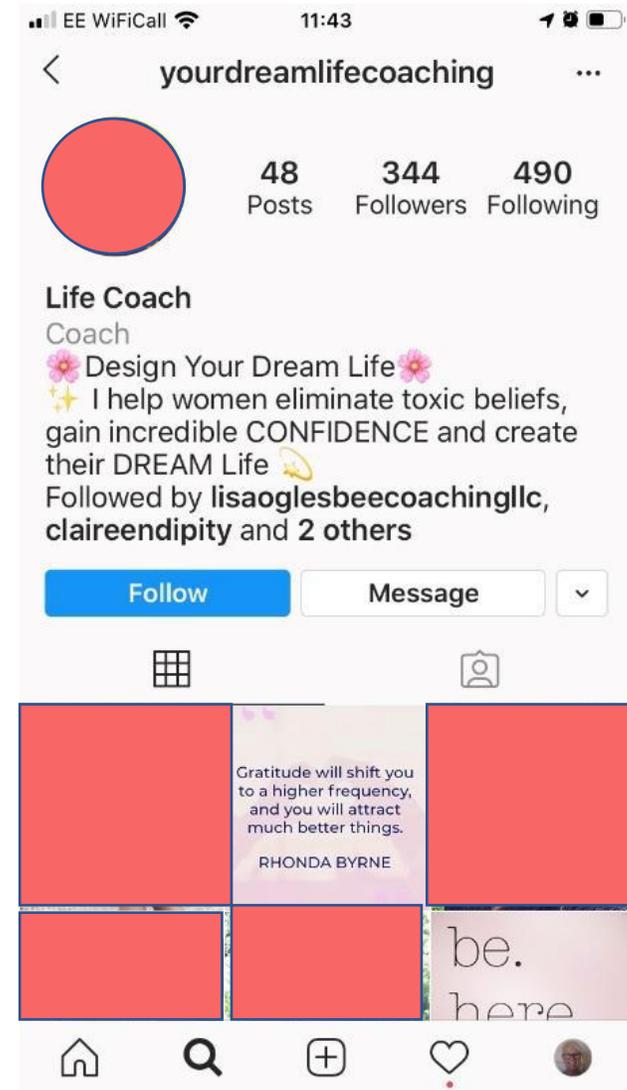

Step 2

Find someone you are not already following (yourdreamlifecoaching is my example here) and click on their entry

Their profile will then open up for you to view as in the illustration

You can check how many posts they have and how many people they follow (Following) and are following them (Followers)

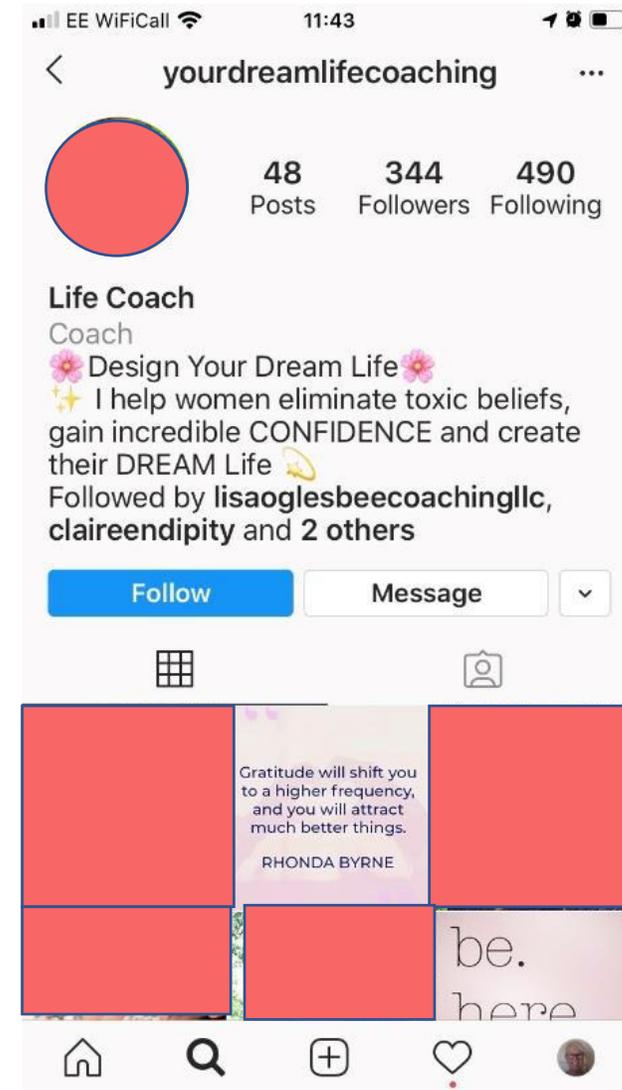

Step 3

Just click the blue follow button and that's it. They will now be notified that you have followed them and will more than likely follow you back. If they do send a quick message to say thanks.

Follow 15 - 20 people per day, every day from now on.

The more people you follow, the more people will follow you back and the faster your audience will grow

One More Quick Tip:

One more way to find people to follow is this...

Search for and click on the profile of one of your competitors and then click where it says followers.

It will now open up a list of all their followers for you to look at. If they are following your competitor then maybe they would follow you too as your content would be similar.

Just click on the follow button next to their name exactly as you did before

As you say, it's really easy to increase your connections really quickly. Mine more than doubled in a week. I'm having a conversation with someone from Melbourne later this week as a result! Thanks to you".

I am not a fan of social media but I really enjoyed Lynne's challenge. There is so much content in it and in 24 hours my LinkedIn connections increased and my first post in over a year had 1495 views. I feel more confident to post now and Lynne has simplified it so much that once my content is sorted I can do all my social media work in half an hour. Thank you Lynne.

Thank you Lynne. I've had some great connections on LinkedIn this week. I've added 17 new people and had two trending posts... first time ever. I've also had at least one booking for an event following a testimonial I shared.

Lynne's challenge has been an eye opener. I now know what to post, how often to post and don't feel so overwhelmed about it. I've finally started to post in Instagram (which I was avoiding!) and realise that I get the most engagement when I write more personal posts. I'm not afraid to post more frequently and to tell my customers about myself and my service. Thanks

Kathy Heberle Lynne Thomas thank you! I have done a few social media challenges the last few months. This one, by far, was the very best one! I am currently doing one for blogging. I need help to get my blog get ready and published. It is self paced, but I put it aside to do this challenge and I am so glad I did!

It's been a really useful week doing the challenge. It was hard work and I had to leave my comfort zone but I've benefited so much. I have more connections now on LinkedIn and some engagements. I've also learned what to focus on and where I've been going completely wrong with my posts. I'd definitely recommend this challenge. Lynne is lovely, and made it all great fun too. Thank you for a great week Lynne.
